ROHITH REDDY GADE

Guntur, Andhra Pradesh, India 7569720309 rohithreddygade321@gmail.com LinkedIn GitHub

Career Objective

Motivated and detail-oriented Computer Science undergraduate seeking an entry-level Software Engineer role at Infosys. Strong foundation in Python, SQL, JavaScript, Object-Oriented Programming, Data Structures and Algorithms, DBMS, and Web Development. Hands-on experience developing full-stack web applications using React, PHP, MySQL, MongoDB, and Supabase. Passionate about building scalable software, solving real-world problems, and continuously learning new technologies.

Education

Vignan's Foundation for Science, Technology and Research — Aug 2023 – May 2027
B.Tech in CSE (Computer Science and Business Systems) — CGPA: 7.82

Lakshyaa Junior College — Jun 2021 – Apr 2023
Intermediate (MPC) — CGPA: 8.57

Lakshyaa School — Jun 2020 – Apr 2021
SSC — CGPA: 9.50

Technical Skills

Programming: Python, JavaScript, SQL
Web: HTML, CSS, React, PHP
Database: MySQL, MongoDB, Supabase
Core: DSA, OOP, DBMS, Software Engineering
Tools: Git, GitHub, VS Code, XAMPP, MySQL Workbench
Libraries: NumPy, Pandas, Matplotlib, Scikit-learn
Soft Skills: Communication, Teamwork, Leadership, Adaptability

Relevant Coursework

Data Structures and Algorithms, Database Management Systems, Object-Oriented Programming, Operating Systems, Computer Networks, Software Engineering

Experience

Academic Project Experience — Aug 2023 – Present

- Developed multiple full-stack web applications using React, PHP, MySQL and Supabase.
- Applied OOP, SQL, DBMS and DSA concepts in real-world projects.
- Used Git and GitHub for version control.
- Performed debugging, testing and optimization.
- Improved analytical and problem-solving skills through software development.

Projects

Smart Travel Planner Web Application — Jan 2025 — GitHub

Technologies: React, TypeScript, HTML, CSS, Supabase

- Developed a full-stack web application to automate trip planning, itinerary generation, and travel data management.
- Implemented destination search, route planning, itinerary generation, and budget estimation modules.
- Designed a relational database to efficiently manage users, destinations, bookings, and trip information.
- Built responsive user interfaces using React and integrated Supabase for authentication and real-time database services.
- Improved travel planning efficiency by centralizing itinerary management and budget tracking in a single platform.

Student Process Management System — Mar 2025 — GitHub

Technologies: React, TypeScript, HTML, CSS, Supabase

- Developed a full-stack web application to digitize and manage student academic processes and records.
- Built reusable React components for student registration, search, filtering, and process tracking.
- Implemented real-time search and filtering functionality, improving data retrieval and user experience.
- Managed structured student records using TypeScript interfaces and Supabase database services.
- Reduced manual paperwork by providing a centralized digital platform for academic process management.

Certifications

- Deputy Secretary – Sports, TEAM VISIT 2K25
- Volleyball Event Participation – Vignan Mahotsav 2025
- UEAC Activity Appreciation Certificate – Completed 45 Hours

Leadership & Extracurricular Activities

- Served as Sports Deputy Secretary, coordinating sports events.
- Demonstrated leadership, communication and teamwork.
- Collaborated with faculty and volunteers during college events.

Declaration

I hereby declare that the above information is true to the best of my knowledge.

(Gade Rohith Reddy)
